Any other comments?

The development of Budokan Judo Club is probably my most ambitious sporting goal, in that whilst promoting the active participation by recreational athletes (from Under 10s to Veterans) to enhance the 'family' involvement and spirit in the club, Kerrye and I also aim to develop elite athletes to achieve World Championship medals. The club has had two Olympic representatives, and numerous representatives to Junior and Senior World Championships. A medal at this level is still the ultimate goal, but we will always give our "all" to every club member, no matter what their individual goal.
